

TABLE OF CONTENTS

PART ANALYSIS AND FORECAST ON DAIRY CATTLE FARMING IN CHINA (2020)

- 1.1 Distribution of Dairy Cattle Farming in China
- 1.2 Change and Forecast on Dairy Cattle Inventory in China
 - 1.2.1 Change and Forecast on Dairy Cattle Inventory in China
 - 1.2.2 Change and Forecast on Adult Dairy Cattle Inventory in China
- 1.3 Analysis and Forecast on Dairy Cattle Farming Scale in China
 - 1.3.1 Analysis and Forecast on Dairy Cattle Industrial Scale Farming in China
 - (1) Analysis on Dairy Cattle Industrial Scale Farming
 - (2) Forecast on Dairy Cattle Industrial Scale Farming
 - 1.3.2 Analysis and Forecast on Dairy Cattle Inventory Proportion of Different Farming Scales & Areas in China
- 1.4 Analysis and Forecast on Dairy Cattle Farming Model in China
 - 1.4.1 Main Dairy Cattle Farming Models in China
 - (1) Small Farmers
 - (2) Dairy Farming Community
 - (3) Dairy Cooperative
 - (4) Dairy Cattle Farming Union
 - (5) Commercial Dairy Farms
 - 1.4.2 Forecast on Dairy Cattle Farming Model in China
- 1.5 Analysis of Manufacturing Management for Dairy Cattle in China
 - 1.5.1 Feed & Feeding
 - 1.5.2 Stock Breeding
 - 1.5.3 Dung Treatment & Environmental Protection
- 1.6 Analysis of Hygiene & Epidemic Treatment in Dairy Farming in China
 - 1.6.1 Dairy Cattle Diseases
 - 1.6.2 Major Controlled Dairy Cattle Epidemic
 - 1.6.3 Disease Prevention and Control in Different Dairy Farming Model

PART □ SITUATION OF DAIRY CATTLE DISEASE, PREVENTION, VACCINE MARKET IN CHINA

- 2.1 Main Dairy Cattle Diseases for Prevention & Control and the Standards
- 2.2 Compulsory Vaccination Policies
 - 2.2.1 Bidding System for Government Assigned Vaccines Producers
 - 2.2.2 Market Situation of Designated Vaccine Producers Involved in Government Acquisition
 - 2.2.3 Customer Satisfaction of Vaccines in Compulsory Vaccination
- 2.3 Vaccine Categories Adopted by Dairy Cattle Farms
 - 2.3.1 Vaccine Categories Adopted by Dairy Cattle Farms in Different Areas
 - 2.3.2 Vaccine Categories Adopted by Dairy Cattle Farms in Different Scales
 - 2.3.3 Vaccine Categories Adopted by Dairy Cattle Farms in Different Farming Models
- 2.4 Using Cost of Commercial Vaccines

- 2.4.1 Using Cost of Commercial Vaccines in Different Scales
- 2.4.2 Using Cost of Commercial Vaccines in Different Farming Models
- 2.5 Market Sizes of Dairy Cattle Vaccines in China
- 2.5.1 Market Sizes of Government Acquisition Vaccines
- 2.5.2 Market Sizes of Commercial Vaccines

PART □ ANALYSIS OF FACTORS INFLUENCING VACCINE PURCHASE IN CHINA

- 3.1 Factors Related to Dairy Cattle Farms
 - 3.1.1 Farming Scale
 - 3.1.2 Farming Model
 - 3.1.3 Location of Dairy Farms
- 3.2 Factors Related to Vaccine
 - 3.2.1 Effect of Vaccination
 - 3.2.2 Safety
 - 3.2.3 Price
 - 3.2.4 Brand
 - 3.2.5 Service
- 3.3 Other Factors
 - 3.3.1 Communication Between Farms
 - 3.3.2 Expert Recommendation
 - 3.3.3 Government Subsidy Policy
- 3.4 Purchasing Channels of Dairy Cattle Vaccine
- 3.5 Immunization Programme of Dairy Cattle Vaccine

PART □ ANALYSIS OF DAIRY CATTLE FMD VACCINE MARKET IN CHINA

- 4.1 Epidemic Characteristic of FMD in China
- 4.2 Control and Immune Rule of FMD in China
- 4.3 Main Brands & Strain of FMD Vaccine and Brand Awareness in China
 - 4.3.1 Main Brands & Strain of Dairy Cattle FMD Vaccine
 - 4.3.2 Brand Awareness of Dairy Cattle FMD Vaccine
- 4.4 Analysis of Use Ratio of Dairy Cattle FMD Vaccine
 - 4.4.1 Use Ratio of Government and Commercial FMD Vaccine
 - 4.4.2 Use Ratio of FMD Vaccine of Different Farming Scales
 - 4.4.3 Use Ratio of Different Strain FMD Vaccine
- 4.5 Immunization Methods, Frequency and Dosages of Dairy Cattle FMD Vaccine
 - 4.5.1 Immunization Methods, Frequency and Dosages for Adult Dairy Cattle FMD Vaccine
 - 4.5.2 Immunization Times and Dosages for Calves FMD Vaccine
- 4.6 Purchase Prices of Dairy Cattle FMD Vaccine
 - 4.6.1 Purchase Prices of Different Strain FMD Vaccine
 - (1) Univalent Vaccine
 - (2) Divalent Vaccine
 - (3) Trivalent Vaccine

- 4.6.2 Purchase Prices of Different Brand FMD Vaccine
- 4.7 Immunization Cost of Commercial Dairy Cattle FMD Vaccine
- 4.8 Satisfaction Degree of Dairy Farms to Different Brands FMD Vaccine
 - 4.8.1 Satisfaction Degree to Efficacy of Different Brands
 - 4.8.2 Satisfaction Degree to Safety of Different Brands
 - 4.8.3 Satisfaction Degree to Price of Different Brands
 - 4.8.4 Satisfaction Degree to Producer Service of Different Brands
 - 4.8.5 The Whole Satisfaction Degree of Different Brands
- 4.9 Analysis and Forecast on Market Size and Structure of Dairy Cattle FMD Vaccine (2020)
 - 4.9.1 Analysis of Market Size and Structure of Dairy Cattle FMD Vaccine
 - 4.9.1.1 Market Size and Structure of Government and Commercial FMD Vaccine
 - 4.9.1.2 Market Size and Structure of Different Strain FMD Vaccine
 - 4.9.1.3 Market Size and Structure of Different Brands FMD Vaccine
 - 4.9.2 Forecast on Market Size of Dairy Cattle FMD Vaccine (2020)
 - 4.9.2.1 Forecast on Market Size of Government and Commercial FMD Vaccine
 - 4.9.2.2 Forecast on Market Size of Different Strain FMD Vaccine
 - 4.9.2.3 Forecast on Market Size of Different Brands FMD Vaccine
- 4.10 Analysis of Key FMD Vaccine Producers
 - 4.10.1 China Animal Husbandry Industry Co., Ltd
 - 4.10.1.1 Company Profile and Ruminant Vaccine Products
 - 4.10.1.2 Dairy Cattle FMD Vaccine Products and Advantage
 - 4.10.1.3 Market Share of Cattle Dairy FMD Vaccine Products
 - 4.10.2 Xinjiang Tiankang Animal Science Bio-Technology Co., Ltd.
 - 4.10.2.1 Company Profile and Ruminant Vaccine Products
 - 4.10.2.2 Dairy Cattle FMD Vaccine Products and Advantage
 - 4.10.2.3 Market Share of Cattle Dairy FMD Vaccine Products
 - 4.10.3 The Spirit Jinyu Biological Pharmaceutical Co., Ltd.
 - 4.10.3.1 Company Profile and Ruminant Vaccine Products
 - 4.10.3.2 Dairy Cattle FMD Vaccine Products and Advantage
 - 4.10.3.3 Market Share of Cattle Dairy FMD Vaccine Products
 - 4.10.4 China Agricultural Vet.Bio.Science and Technology Co., Ltd.
 - 4.10.4.1 Company Profile and Ruminant Vaccine Products
 - 4.10.4.2 Dairy Cattle FMD Vaccine Products and Advantage
 - 4.10.4.3 Market Share of Cattle Dairy FMD Vaccine Products

PART □ ANALYSIS OF DAIRY CATTLE ANTHRAX VACCINE MARKET IN CHINA

- 5.1 Epidemic Characteristic of Anthrax in China
- 5.2 Control and Immune Rule of Anthrax in China
- 5.3 Main Brands & Strain of Anthrax Vaccine and Brand Awareness in China
 - 5.3.1 Main Brands & Strain of Dairy Cattle Anthrax Vaccine
 - 5.3.2 Brand Awareness of Dairy Cattle Anthrax Vaccine
- 5.4 Analysis of Dairy Cattle Anthrax Vaccine Immunization
 - 5.4.1 Use Ratio of Dairy Cattle Anthrax Vaccine

- 5.4.2 Use Ratio of Different Strain Anthrax Vaccine
- 5.5 Immunization Objects and Methods of Anthrax Vaccine
 - 5.5.1 Immunization Objects
 - 5.5.2 Immunization Methods
 - 5.5.3 Immunization Frequency
 - 5.5.4 Immunization Dosages per Once
- 5.6 Purchase Prices of Dairy Cattle Anthrax Vaccine
 - 5.6.1 Purchase Prices of Different Strain Anthrax Vaccine
 - 5.6.2 Purchase Prices of Different Brand Anthrax Vaccine
- 5.7 Immunization Cost of Dairy Cattle Anthrax Vaccine in China
- 5.8 Satisfaction Degree of Dairy Farms to Different Brands Anthrax Vaccine
 - 5.8.1 Satisfaction Degree to Efficacy of Different Brands
 - 5.8.2 Satisfaction Degree to Safety of Different Brands
 - 5.8.3 Satisfaction Degree to Price of Different Brands
 - 5.8.4 Satisfaction Degree to Producer Service of Different Brands
 - 5.8.5 The Whole Satisfaction Degree of Different Brands
- 5.9 Analysis and Forecast on Market Size and Structure of Dairy Cattle Anthrax Vaccine (2020)
 - 5.9.1 Analysis of Market Size and Structure of Dairy Cattle Anthrax Vaccine
 - 5.9.1.1 Market Size and Structure of Different Strain Anthrax Vaccine
 - 5.9.1.2 Market Size and Structure of Different Brands Anthrax Vaccine
 - 5.9.2 Forecast on Market Size of Dairy Cattle Anthrax Vaccine (2020)
 - 5.9.2.1 Forecast on Market Size of Different Strain Anthrax Vaccine
 - 5.9.2.2 Forecast on Market Size of Different Brands Anthrax Vaccine
- 5.10 Analysis of Key Anthrax Vaccine Producers
 - 5.10.1 Xinjiang Tiankang Animal Science Bio-Technology Co., Ltd.
 - 5.10.1.1 Company Profile and Ruminant Vaccine Products
 - 5.10.1.2 Cattle Dairy Anthrax Vaccine Products and Advantage
 - 5.10.1.3 Market Share of Cattle Dairy Anthrax Vaccine Products
 - 5.10.2 Qinghai Biological Medicine Factory
 - 5.10.2.1 Company Profile and Ruminant Vaccine Products
 - 5.10.2.2 Cattle Dairy Anthrax Vaccine Products and Advantage
 - 5.10.2.3 Market Share of Cattle Dairy Anthrax Vaccine Products

PART □ ANALYSIS OF DAIRY CATTLE BRUCELLOSIS VACCINE MARKET IN CHINA

- 6.1 Epidemic Characteristic of Brucellosis in China
- 6.2 Control and Immune Rule of Dairy Cattle Brucellosis in China
- 6.3 Main Brands & Strain of Brucellosis Vaccine and Brand Awareness in China
 - 6.3.1 Main Brands & Strain of Dairy Cattle Brucellosis Vaccine
 - 6.3.2 Brand Awareness of Dairy Cattle Brucellosis Vaccine
- 6.4 Use Ratio of Dairy Cattle Brucellosis Vaccine in China
 - 6.4.1 Use Ratio of Dairy Cattle Brucellosis Vaccine
 - 6.4.2 Use Ratio of Different Strain Brucellosis Vaccine
- 6.5 Immunization Objects and Methods of Dairy Cattle Brucellosis Vaccine

- 6.5.1 Immunization Objects
- 6.5.2 Immunization Methods
- 6.5.3 Immunization Frequency
- 6.5.4 Immunization Dosages per Once
- 6.6 Purchase Prices of Dairy Cattle Brucellosis Vaccine
 - 6.6.1 Purchase Prices of Different Strain Brucellosis Vaccine
 - (1) Strain A19 Vaccine
 - (2) Strain S2 Vaccine
 - 6.6.2 Purchase Prices of Different Brand Brucellosis Vaccine
- 6.7 Immunization Cost of Dairy Cattle Brucellosis Vaccine
- 6.8 Satisfaction Degree of Dairy Farms to Different Brands Brucellosis Vaccine
 - 6.8.1 Satisfaction Degree to Efficacy of Different Brands
 - 6.8.2 Satisfaction Degree to Safety of Different Brands
 - 6.8.3 Satisfaction Degree to Price of Different Brands
 - 6.8.4 Satisfaction Degree to Producer Service of Different Brands
 - 6.8.5 The Whole Satisfaction Degree of Different Brands
- 6.9 Analysis and Forecast on Market Size and Structure of Dairy Cattle Brucellosis Vaccine (2020)
 - 6.9.1 Analysis of Market Size and Structure of Dairy Cattle Brucellosis Vaccine
 - 6.9.1.1 Market Size and Structure of Different Strain Brucellosis Vaccine
 - 6.9.1.2 Market Size and Structure of Different Brands Brucellosis Vaccine
 - 6.9.2 Forecast on Market Size of Dairy Cattle Brucellosis Vaccine (2020)
 - 6.9.2.1 Forecast on Market Size of Different Strains Brucellosis Vaccine
 - 6.9.2.2 Forecast on Market Size of Different Brands Brucellosis Vaccine
- 6.10 Analysis of Key Brucellosis Vaccine Producers
 - 6.10.1 Xinjiang Tiankang Animal Science Bio-Technology Co., Ltd.
 - 6.10.1.1 Company Profile and Ruminant Vaccine Products
 - 6.10.1.2 Cattle Dairy Brucellosis Vaccine Products and Advantage
 - 6.10.1.3 Market Share of Cattle Dairy Brucellosis Vaccine Products
 - 6.10.2 China Animal Husbandry Industry Co., Ltd
 - 6.10.2.1 Company Profile and Ruminant Vaccine Products
 - 6.10.2.2 Cattle Dairy Brucellosis Vaccine Products and Advantage
 - 6.10.2.3 Market Share of Cattle Dairy Brucellosis Vaccine Products
 - 6.10.3 The Spirit Jinyu Biological Pharmaceutical Co., Ltd.
 - 6.10.3.1 Company Profile and Ruminant Vaccine Products
 - 6.10.3.2 Cattle Dairy Brucellosis Vaccine Products and Advantage
 - 6.10.3.3 Market Share of Cattle Dairy Brucellosis Vaccine Products

PART □ ANALYSIS OF DAIRY CATTLE MASTITIS VACCINE MARKET IN CHINA

- 7.1 Analysis of Dairy Cattle Mastitis Morbidity
 - 7.1.1 Mastitis Morbidity of Different Types
 - (1) Clinical Mastitis
 - (2) Subclinical Mastitis
 - 7.1.2 Mastitis Morbidity of Different Dairy Farming Scale and Farming Model

- 7.1.3 Mastitis Morbidity of Different Regions
- 7.2 Analysis of Dairy Cattle Mastitis Control Measures
- 7.3 Analysis of Treatment Cost on Dairy Cattle Mastitis
- 7.4 Analysis of Dairy Cattle Mastitis Vaccine Immunization
 - 7.4.1 Use Ratio of Dairy Cattle Mastitis Vaccine
 - 7.4.2 Immunization Objects and Methods of Mastitis Vaccine
 - 7.4.3 Purchase Prices of Mastitis Vaccine
 - 7.4.4 Immunization Cost of Mastitis Vaccine
- 7.5 Satisfaction Degree of Dairy Farms to Mastitis Vaccine
 - 7.5.1 Satisfaction Degree to Efficacy
 - 7.5.2 Satisfaction Degree to Safety
 - 7.5.3 Satisfaction Degree to Price
 - 7.5.4 Satisfaction Degree to Producer Service
 - 7.5.5 The Whole Satisfaction Degree
- 7.6 Analysis and Forecast on Market Size and Structure of Dairy Cattle Mastitis Vaccine (2020)

List of Figures

- Figure 1, Change of Dairy Cattle Inventory in China, 1973-2012
- Figure 2, Change of Adult Dairy Cattle Inventory & Yield in China, 2005-2012
- Figure 3, Change in Cattle Inventory Proportion of Different Farming Sizes, 2007 - 2012
- Figure 4, Forecast on Cattle Inventory Proportion of Different Farming Sizes, 2020
- Figure 5, Proportion of Dairy Cattle Inventories of Different Farming Scales, 2012
- Figure 6, Farming Model of Dairy Farming Community in China
- Figure 7, Farming Mode of Dairy Cooperative in China
- Figure 8, Farming Model of Dairy Cattle Farming Union in China
- Figure 9, Major Dairy Cattle Diseases in China
- Figure 10, Morbidity of Major Dairy Cattle Diseases in Industrial Farms in China
- Figure 11, Government Procurement Process of Government-mandated Vaccine
- Figure 12, Complaining Points of Pig Farms to Government-mandated Vaccine
- Figure 13, Animal Health Products Market Structure in China, 2012
