

TABLE OF CONTENTS

CHAPTER ONE: EXECUTIVE SUMMARY

- Direct-to-consumer Testing and The Future of DTC Genetic Tests
- Existing Self-Test Markets
- DTC Genetic Tests
- Aggressive Regulatory Action
- Consumer Opinion
- Conclusions

CHAPTER TWO: INTRODUCTION

- Demographics
- Declining Doctor Visits
- Drop the Doctor But Keep the Pharmacist?
- Consumer Worries
 - Concern About Health and Healthcare Costs
 - Baby Boomers More Concerned About Health
- Drug Stores
 - Competitive Positions of Key Players
 - Increasing Space in the Drug Store For Tests
 - Role of the Pharmacist in Conducting Some Tests?

CHAPTER THREE: EXISTING SELF-TEST MARKETS

- Highly Successful OTC Markets
 - Glucose
 - Pregnancy/Fertility
- Moderately Successful OTC Test Markets
 - Fecal Occult Blood
 - Cholesterol
- Implications

CHAPTER FOUR: DIRECT-TO-CONSUMER GENETIC TESTING: PROMISE AND REALITY

Background

- Criticisms of DTC Testing
 - Scientific and Clinical Validity
 - False Advertising
 - GAO Investigation
 - Acu-Gen Biolab Lawsuit and Bankruptcy
- Regulatory Activity
 - Pathway Genomics FDA Controversy
 - 2011 FDA Warning Letters

- Regulatory Action Targeting Suppliers
 - Actions in Response to FDA Letters
- DTC Testing Companies
 - DeCode Genetics
 - 23andMe
 - Genelex Corporation
 - Pathway Genomics
 - Navigenics
 - Lumigenix
 - Medigenomix

CHAPTER FIVE: CONSUMER OPINION

- Healthcare Out of the Home
- Consumer Worry Over Disease
 - Alzheimer's and Cancer Concerns
- How Confident Are Consumers in Self Test Results?
- Do Genetic Tests Increase Healthcare Usage?
- NIH-led study
- Would Consumers Take a Genetic Self-Test?
 - Loyola Study
 - Kalorama Survey of Adults

CHAPTER SIX: CONCLUSIONS

LIST OF EXHIBITS

CHAPTER ONE: EXECUTIVE SUMMARY

- Figure 1-1: Have You Used A Self-Test?
- Figure 1-2: Kalorama Survey of Adults

CHAPTER TWO: INTRODUCTION

- Figure 2-1: US Population
- Figure 2-2: Doctor Visits, U.S. (millions of visits)
- Figure 2-3: Have You Visited a Healthcare Professional? (DO, FP, Internist, OBGY, Pharmacist)
- Figure 2-4: Concern About Healthcare Cost and Barriers
- Figure 2-5: How is Your Health? –AP Survey of Baby Boomers and Non-Boomers
- Figure 2-6: Health Gotten Better/Worse Last Five Years? –Baby Boomers and Non Baby Boomers
- Table -2-2: U.S. Drug Store Sales,, 2003–2013
- Table 2-3: Leading U.S. Drug Stores' Revenues and Market Share

CHAPTER THREE: EXISTING SELF-TEST MARKETS

- Figure 3-1: Glucose Testing, 2010-2015
- Figure 3-2: Pregnancy Testing, 2010-2015
- Figure 3-3: Fecal Occult Blood Testing, 2010-2015
- Figure 3-4: Cholesterol Testing, 2010-2015

CHAPTER FIVE: CONSUMER OPINION

- Figure 5-1: Experian Simmons Survey: “Conditions I Don’t Have But Feel I am at Risk For”
- Figure 5-2: Percent of Americans Concerned About Disease (Alzheimer’s, Cancer, Stroke, Diabetes)
- Figure 5-3: Have You Used A Self-Test?
- Table 5-1: Kalorama Survey Results –Would You Take a Genetic Test?
